

**KADE KEYO | UNION**

**Affiliate Partnership**

Our aim as a company is to carry as many people along on our journey and our road to sustainable society building. Affiliate partnership represents this ideology in totality, allowing selected individuals, corporate organizations and businesses to partner with us on our mission towards growth, responsiveness and spreading our areas of operation.

With this partnership, our partners become an important part of our business process, as they become a part of our company, spreading our information towards acquiring more clients for our products and services. In return for successful partnerships and sale of our services/products, partners will receive a percentage compensation/commission package on every deal closed. Kindly find the breakdown and associated commission earnings below:

**Services:**

- **Business Services** – Commissions for all related business services are between **5% and 8%** depending on the service description and operations expenses to execute.
- **Financial Partnerships** – Commissions earned for all new financial partnership products sold earn you a **3%** on the amount in Nigerian Naira paid to the company.
- **Venture Partnerships** – Commissions earned for all new venture partners brought in to partner on available ventures comes at **2%** of all monies invested in said ventures.
